This submission responds to the Commission's letter of December 30, 2005 regarding the committee's 2005 Mid-Year Report:

Please note that, subsequent to the 2004 election, the committee significantly scaled back its operations. After that period the committee only had one employee and its office rent included all utilities.

Further, the committee did not receive any in-kind contributions for operating expenditures, nor did it make any allocable or federal operating expenditures from its non-federal account.
